Achieving Financial Success

ProActive has 60 years of combined experience in the healthcare and pharmaceutical industry. Our President, CEO has acquired 35 years of extensive hands on experience in the healthcare arena. Most importantly, the last decade she has specialized in the clinical and reimbursement segment of home and office infusion therapy. She is a certified professional coder and a Certified Healthcare Billing and Management Executive.

Our Director of Clinical Services is a Pharmacist MD with 20 years as a Baxter/Caremark executive and Apria senior manager in infusion and collections. In addition, he boasts 15 years of specialized experience providing a turn-key solution to Infectious Disease physicians and Ambulatory Infusion Suites; serving multiple ID practices in multiple states.

In addition, ProActive is an active member of the H.B.M.A. and A.A.P.C. Continuing education is an ongoing challenge; keeping current with changes in medical billing, coding collections and compliance is an integral part of who we are as a company.

Commitment to Our Clients

ProActive is dedicated to providing the physician with the highest quality, maximum impact services in a cost effective manner. We provide an independent, unapologetic and marked focused point of view; a "results" commitment. We believe our best clients are the well-informed, committed to positive change, and involved in the decision making process.
