

Testimonials

"I want to take this opportunity to express my sincere gratitude to you for restoring my physical, emotional, and mental health.

Against all of my beliefs, I resorted to antidepressant drugs and sleeping pills. At first they did not seem to mask my symptoms. I continued with that course of treatment for a period of seven months and then decided I needed to find another solution. I was experiencing side effects from the drugs, and I knew that over a period of time they can be very harmful to the body. After just two weeks on your Powerful Minerals, Brain Power and Sinus-Mucousless Immunity, I began to feel a significant positive difference in my health.

To summarize, I know that I will continue to use your products because I truly feel the benefits."

Sincerely,
Patricia A. Spire

"Sylvia Lomoto-Flanagan became an angel for me. When I first met Sylvia, I had undergone both chemotherapy and radiation and had a compromised immune system. At that point, I was wondering whether or not I would be able to continue to work in my weakened condition.

After consultation, she recommended her Powerful Minerals (my body had been completely stripped of minerals from chemotherapy) which strengthened the bone marrow and thus improved my immune system. Brain Power, which helps to stimulate the brain cells and repair damage caused by free radicals, was another important part of my regimen.

It has been almost three years since I started with Sylvia's regimen, and I feel stronger than ever. I have a high level of energy and much improved immune system. I am now back to my regular exercise program and have implemented the diet and nutrition plan personalized for me by Sylvia. Currently, I am on a lifelong maintenance program using the above mentioned products as well as her natural Hormonal Balance and Pine Extract for the lungs.

I know that Sylvia has enhanced the quality of my life, and I will be eternally grateful. It is without hesitation that I recommend Sylvia to others with health related issues, and those interested to sustaining a healthy lifestyle."

Thank you,
Cassandra County
